The Kun-ming (Yun-nan) Dye Printing Plant is located 5 nm WSW of Kun-ming, China. The plant is secured by a wall and consists of a large L-shaped light fabrication building (with approximately 53,075 sq ft of floorspace), a heating plant, and 14 workshops/warehouses. A separately secured area in the eastern portion of the plant contains 2 large buildings connected by covered walkways and a probable administration building.

A water reservoir is located in the plant area. Although the plant is road served only, rail transportation is within 1,000 feet of the plant's buildings.
